Our Commitment to Being a Fully Inclusive Anti-Racist Multicultural Organization

WOMEN'S WAY understands that to achieve gender equity for all women, we must become a fully inclusive, anti-racist multicultural organization that works to overcome systemic racism and all other forms of oppression. For the past 3 years, WOMEN'S WAY staff and Board Members have been on an intense journey to dismantle internalized racism and transphobia in ourselves and in every aspect of our organization.

In 2020, the staff and Board launched a process to examine and determine if and how racism impacts organizational practice and policy. In 2021, we raised money to hire two consultants to take our staff and our Board on a year-long racial equity intervention to confront our internalized White Supremacy. In 2022, staff and Board Members engaged in a trans-inclusion training to challenge and dismantle internalized transphobia. In 2023, we selected consultants who will facilitate a process where we will work in collaboration with diverse racial, cultural, and economic groups to create a new mission statement, theory of change, and strategic plan that centers gender and racial justice and actively works to eliminate all forms of oppression.

IMMEDIATE RESPONSE ACTION FUND (IRAF)

The Immediate Response Action Fund (IRAF) addresses urgent and unanticipated needs of organizations or programs that primarily serve women and girls. From receiving a completed application to communicating a decision – the IRAF grant review process is completed in 10 business days. No other foundation in the region is responding this rapidly.

Since its inception in 2017, we have awarded a total of 57 grants totaling \$506,653 dollars. Learn more about IRAF [here](#) and read a recent article [here](#).

GENERAL OPERATING FUND (GOF)

The WOMEN'S WAY General Operating Fund provides 2-year grants of up to \$10,000 a year to organizations primarily serving women, girls, and/or the gender-expansive community. In 2023 out of the 13 organizations funded: all 13 are led by women of color, 12 have budgets of under \$200,000 and all 13 have budgets under \$500,000. We utilized a Participatory Grantmaking framework where current (2022) General Operating grantees served as not only the Grants Review Committee, but also helped to shape the process. Learn more [here](#).

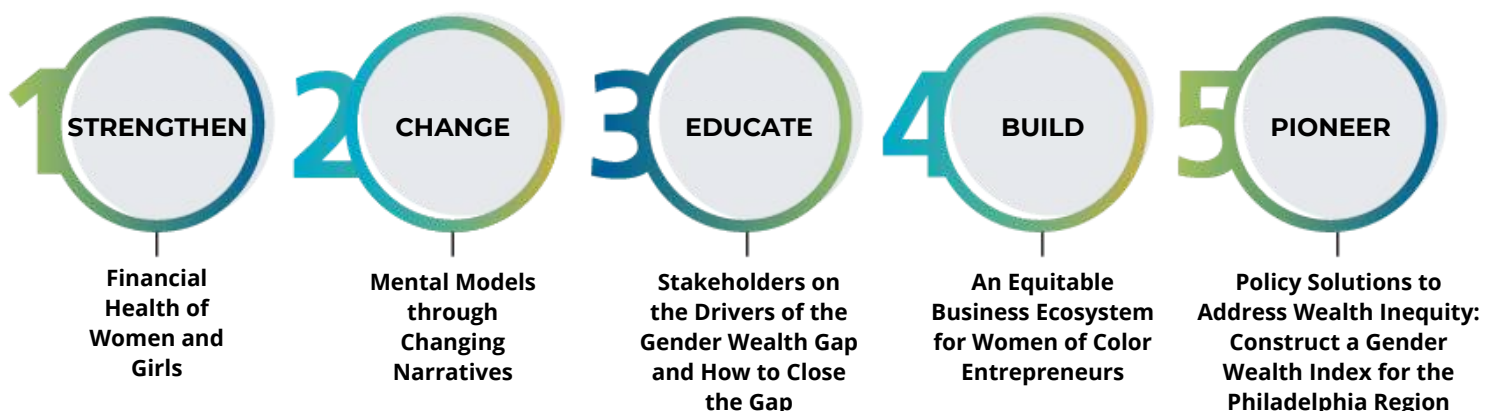

GENDER WEALTH INSTITUTE (GWI)

When we lift women up, we lift families up, we lift communities up, and all of society benefits. This is true in the United States and around the globe. This is why WOMEN'S WAY formed the Gender Wealth Institute (GWI), to close the gender wealth gap in the Greater Philadelphia region by advancing research and practical solutions that build wealth for women experiencing economic insecurity. Learn more [here](#).

GWI OBJECTIVES

- Expand and sustain a learning community of stakeholders representing multiple sectors to learn together, share resources, and co-create wealth-building practices
- Test and scale promising practices that build wealth for low-wealth women and close the gender wealth gap
- Leverage local, regional, and national partners to take organized action focused on transforming interrelated systems related to wealth

FIVE PRIORITY AREAS OF INTERVENTION

16th Annual WOMEN'S WAY Book Prize

The Book Prize honors a woman or gender expansive author or co-author for their work in advancing the dialogue about issues impacting women and girls. The winner of the Book Prize is determined by a selection committee composed of volunteers. WOMEN'S WAY does an open call for book nominations from our community following a set of nomination guidelines. One criteria is that the books must address at least one of the following issues: Equality, Safety, Self-Sufficiency, Reproductive Justice, Women's Leadership, or Women's History. Once the books are nominated, committee members read the books and then engage in a review process that leads to the winning book and author. The Book Prize includes a moderated discussion with the winning author and allows for audience Q&A.

Closing the Gender Wealth Gap (CGWG) Education Series

Under the umbrella of the Gender Wealth Institute, we conduct a series of virtual education forums to educate different stakeholders on both the key drivers of the gender wealth gap and accelerators that help close the gender wealth gap in our region. Each session features the most recognized experts and thought leaders on women's issues in the Greater Philadelphia region and beyond. Each facilitated discussion includes three topic experts who address the topic from a policy perspective, a practitioner perspective, and a lived experience perspective.

Since inception, more than **2,500 individuals** have attended and viewed the sessions and hundreds were mobilized to take action in the quest for gender and racial equity.

46th WOMEN'S WAY Annual Celebration

The Annual Celebration is WOMEN'S WAY's signature fundraising event and is one of the most highly anticipated and attended nonprofit events in the greater Philadelphia area. This is our largest fundraiser of the year where we raise crucial funds to support our work in the movement towards gender and racial equity. Research shows that investing in women and girls is a highly effective strategy for creating social change and that when women thrive, we all thrive.

The celebration will include networking opportunities, a musical performance, and presentations of the WOMEN'S WAY Gender Equity Champion Award and Lucretia Mott Award, honoring a woman, group of women, or organization whose work reflects a commitment to the values of equity and justice for all.

Annual Gender Wealth Summit

The Gender Wealth Summit is our annual convening event for the Gender Wealth Institute that takes place every year in September. This one-day conference enables women with lived experiences of economic insecurity and individuals in positions to reduce the gender wealth gap to engage in an innovative and action-oriented learning community aligned with the Gender Wealth Institute. The learning sessions center discussions on the drivers of the gender wealth gap and action steps to close the gap. The Inaugural Gender Wealth Summit was held in 2022 where participants were inspired to find their voices and take action to close the gender wealth gap. "There's so much research and data that shows how helping women is such a tipping point. You're not just helping that one woman. The support you show a woman impacts families, children, etc. This impact is exponential. Helping women is such a fulcrum. If you want to leverage your philanthropy, help women because they will make sure that the donation you make and what you give is given back tenfold."
